

SUBJECT

eDelivery – invitation to join

JAZMP is offering a new online service, which facilitates more efficient communication with stakeholders. We invite all interested parties to use the new eDelivery portal (eVročanje). The portal ensures fast, legally compliant and safe transfer of documents, i.e. official decisions of the Agency to recipients. Registration, as well as use are simple and main advantages for recipients are especially:

- Immediate access to documents, such as decisions, certificates, contracts and others, which the Agency usually sends via physical mail;
- You can receive and sign the receipt off anytime, anywhere, using your computer;
- The solution ensures integrity of information, including legal validity of signatures in document systems and does not require any physical space for storage or scanning for transferring documents to digital storage;
- The solution is easy to use.

Use of the portal is free of charge for partners of JAZMP. You need a qualified digital certificate of any European qualified provider. You can register at this address <https://www.evrocenje.si/#/jazmp-registration>.

You can find the registration and usage manual at this address:

<https://www.jazmp.si/fileadmin/datoteka/dokumenti/SEK/2018/evrocenje-navodila-ang.pdf>

Registration by recipients means that from the moment of registration on, the agency will send you all documents, which would have been sent via physical mail, via eDelivery.

We value your time and invite you to upgrade our cooperation using safe digital delivery of documents. We look forward to your registration and wish you successful and efficient work

Kind regards,

Matevž Oset
eDelivery project head

Stanislav Primožič
acting director
