- Tracey Fairclough
- Phone: 07442188256
- E-Mail: tracey.fairclough@amcaregroup.co.uk

Please note that this action only applies to specific product codes and lot numbers of the above-mentioned products.

DESCRIPTION OF THE PROBLEM	<p>ConvaTec has voluntarily initiated a Field Safety Corrective Action in the form of a Customer Notification for specific product codes and lots of the above-mentioned Ostomy products.</p> <p>ConvaTec has received complaints associated with use of Convex Two-Piece Skin Barriers where the starter hole (stoma hole) is off-centre on product manufactured from February 2017 to September 2018. Specifically, we have had three instances globally where use of an off-centre Convex Two-Piece Skin Barrier led to a stomal cut. These cuts did not require hospitalization and the end-user was able to resolve the issue. The overall risk of injury is low. However, since this risk can be visually detected, we are taking precautionary measures to notify customers of this matter so that the end-user can thoroughly check their product to see if it: a) was manufactured during this period and b) is visually off-centre.</p>
INFORMATION ON AFFECTED DEVICES	<ul style="list-style-type: none"> • SurFit™/ Combihesive™ Wafers: • System 92 Secure Moldable Convex Durahesive™ Wafer • System 92 Secure Durahesive Wafer with Convex

PRODUCT IDENTIFICATION

How to tell the difference between affected product and unaffected product	<p><u>Confirmation of Specific Product Codes and Lot Numbers:</u></p> <p>This issue is limited to specific product codes and lot numbers, identified in Attachment 3.</p> <p>All customers may refer to Attachment 3 to verify if their product is included in the scope of this Field Safety Notice.</p> <p>Upon request, a customer scope listing based on your receipts will be provided. Please contact your ConvaTec Customer Services Team Member for assistance.</p> <p>For product in scope of this Field Safety Notice, End Users may refer to Attachment 1 for examples of package labeling highlighting the location of the LOT No. and Product Code / REF No.</p> <p><u>Ostomy Product End User Visual Verification of Potentially Affected Product:</u></p> <p>Ostomy Product End Users may refer to Attachment 2 for additional information on how to visually verify potentially affected product and / or contact the FSCA Help Desk should they have additional questions.</p>
-----------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

DISTRIBUTOR ACTIONS

1	<p>Verify if you have affected product in your inventory and identify which of your customers have received potentially affected product using Attachment 3: Product List showing affected Product Codes/REF No. and LOT Numbers.</p>
2	<p>If you have distributed this product:</p> <ul style="list-style-type: none"> • To other Wholesalers: <ul style="list-style-type: none"> ○ Please forward this Field Safety Notice, including attachments, to them and ask that they follow these Distributor Actions. • To End Users <ul style="list-style-type: none"> ○ Please forward this Field Safety Notice, including attachments, to your end-users and ask that they follow the End User Actions Section (below).
3	<p>If you have received returned product from your customers that they have identified as off-centre or if you have any stock on hand which you have verified as included in the scope of this Field Safety Notice (as described in Attachment 3: Product List showing affected Product Codes/REF No. and LOT Numbers), you do not need to open or inspect the product, ConvaTec will accept product returns and provide full credit to customers. Replacement product can be ordered via the normal ordering process.</p> <p>Contact the FSCA Help Desk for further instructions on how to return affected product and to arrange credit.</p>
4	<p>Action: Please complete the Field Safety Notice Distributor Response Form and return to the FSCA Help Desk by fax or email as soon as possible. Include details of product to be returned, if applicable.</p> <p>Action: Please send a complete list of all consignees to the FSCA Help Desk by fax or email as soon as possible. Please indicate if you have sent this Field Safety Notice, including attachments, to your consignees. This information is not required but important to allow ConvaTec to perform effectiveness checks.</p> <p>Please contact the FSCA Help Desk if you have any additional questions.</p>

PLEASE PROVIDE A COMPLETED RESPONSE AS SOON AS POSSIBLE

RETAILER ACTIONS

1	<p>For Retailers with a physical location (e.g. a “brick and mortar” store)</p> <ul style="list-style-type: none"> • Please post Attachment 2: Ostomy Product User Letter of this Field Safety Notice in a conspicuous location in your store. <p>For Retailers which have a digital location (e.g. an eRetailer)</p> <ul style="list-style-type: none"> • Please forward Attachment 2: Ostomy Product User Letter and Attachment 3: Product List showing affected Product Codes/REF No. and LOT Numbers via physical mail or e-mail.
2	<p>If you have received returned product from your customers that they have identified as off-centre or if you have any stock on hand which you have verified as included in the scope of this Field Safety Notice (as described in Attachment 3: Product List showing affected Product Codes/REF No. and LOT Numbers), you do not need to open or inspect the product, ConvaTec will accept product returns and provide full credit to customers. Replacement product can be ordered via the normal ordering process.</p> <p>Contact the FSCA Help Desk for further instructions on how to return affected product and to arrange credit.</p>
3	<p>Action: Please complete the Field Safety Notice Distributor Response Form and return to the FSCA Help Desk by fax or email as soon as possible. Include details of product to be returned, if applicable.</p> <p>Action: Please send a complete list of all consignees to the FSCA Help Desk by fax or email as soon as possible. Please indicate if you have sent this Field Safety Notice, including attachments, to your consignees. This information is not required but important to allow ConvaTec to perform effectiveness checks.</p> <p>Please contact the FSCA Help Desk if you have any additional questions.</p>

PLEASE PROVIDE A COMPLETED RESPONSE AS SOON AS POSSIBLE

END USER ACTIONS (CLINICIANS, HOSPITALS, PATIENTS, OTHERS)

1	<p>Based on our records, the product you have received may potentially have an off-centre starter hole (stoma hole) which is visibly off-centre. Example images are provided in Attachment 1: Photographic Examples of Labeling and Affected Product.</p>
2	<p>This issue is limited to specific product codes and lots. Please verify that your lot is associated with the product included in the scope of this Field Safety Notice utilising Attachment 3: Product List showing affected Product Codes/REF No. and LOT Numbers.</p> <p>If you do not know where the product code and/ or lot number are located, please refer to Attachment 1: Photographic Examples of Labeling and Affected Product.</p>
3	<p>Additional supporting information is included for you in Attachment 2: Ostomy Product User Letter. Please provide this to patients via physical mail or e-mail, as applicable.</p>
3	<p>If you have any product you have identified as off-centre in your possession, please contact the FSCA Help Desk.</p> <p>ConvaTec will accept product returns and replace product free of charge. You do not need to open or inspect this product.</p>
4	<p>Action: Please complete the Field Safety Notice End User Response Form and return to the FSCA Help Desk by fax or email as soon as possible. Include details of product to be returned, if applicable.</p> <p>This information is required to allow ConvaTec to perform effectiveness checks.</p> <p>Please contact the FSCA Help Desk if you have any additional questions.</p>

PLEASE PROVIDE A COMPLETED RESPONSE AS SOON AS POSSIBLE

For the AFFECTED product	
<p>...the shipper and market unit labeling will include the product code and lot number.</p> <p>See example photos to the right.</p> <p>Product Code (REF/SKU)</p> <p>Lot Number</p>	
<p>... the physical product will present as a skin barrier with a starter hole (stoma hole), as shown to the right.</p>	<div style="display: flex; justify-content: space-around;"> <div style="text-align: center;"> <p>Off Center Starter Hole (Stoma Hole) This product may be out of specification</p>  <p>Figure 1</p> </div> <div style="text-align: center;"> <p>The starter hole should be "centered" in relation to the flange.</p> <p>The red lines in the photo on the left should be more equal.</p> <p>The green lines in the photo on the right are more equal.</p> </div> <div style="text-align: center;"> <p>Centered Starter Hole (Stoma Hole) This product should be within specification</p>  <p>Figure 2</p> </div> </div>

**Urgent
Medical Device Field Safety Notice**

Dear Ostomy Product User,

We are writing to notify you of a visually-detectable problem affecting convex two-piece skin barriers manufactured from February 2017 to September 2018, specifically where the starter hole (stoma hole) is off-center. (For a list of affected product, see Appendix A of this letter.) The risk of injury is low and is contained to specific lots manufactured over a specific timeframe in the past. Not all product or boxes belonging to the specific lots have this problem. However, since this risk can be visually-detected, we are taking precautionary measures to notify you of this matter so that you can thoroughly check your product to see if it:

- a) was manufactured during this period and
- b) is visually off-center.

Our records indicate you may be in receipt of this product. Example images are provided below:

Off Center Starter Hole (Stoma Hole)

This product may be out of specification

The starter hole should be "centered" in relation to the flange.

The red lines in the photo on the left should be more equal.

The green lines in the photo on the right are more equal.

Centered Starter Hole (Stoma Hole)

This product should be within specification

We are sending this communication to make you aware of the issue and outlining the steps you can take if you identify off-center product at point of use.

- Please examine your inventory. If you have received product that resembles **Figure 1 on the left**, isolate the affected product and contact the ConvaTec Customer Service Team at one of the numbers below to arrange for return and replacement of the affected product.
 - Tracey Fairclough at The Amcare Group
 - Phone: 07442188256
 - E-Mail: tracey.fairclough@amcaregroup.co.uk
- If you have received product that resembles **Figure 2 on the right**, no additional action is needed.
- If you are unsure, please contact the ConvaTec Customer Service Team for assistance.

The ConvaTec Customer Service Teams are a group of highly trained product specialists and nurses to help you get the care and information you need throughout your journey as an ostomate.

ConvaTec strives to provide the highest quality products and services to every customer. Our goal is to manufacture products that offer comfort, confidence and security. We want to reassure you that we have addressed the issue on the manufacturing line and corrected product has been distributed into the market.

If you have any further questions or concerns about this notice, please contact Tracey Fairclough at the Amcare Group.

- Phone: 07442188256
- E-Mail: tracey.fairclough@amcaregroup.co.uk

Thank you for being a valued ostomy product user. ConvaTec is passionate about improving people's lives and we put people at the center of everything we do.

Sincerely,

A handwritten signature in black ink, appearing to read 'D Pudwill', written in a cursive style.

David Pudwill
Senior Director, Ostomy Franchise Regulatory Affairs and Quality Assurance
ConvaTec

ATTACHMENT 3: Global List of Product Codes and Lot Numbers

PURPOSE

This attachment is a listing of all global products included in the scope of this Ostomy Field Safety Notice, which has been organized by Product Code. Within each product code, the lot numbers are organized numerically, smallest to largest.

Upon request, a custom scope listing based on your receipts will be provided. Please contact your ConvaTec Customer Service Team Member for assistance.

Column Header	Details	What Level of Packaging includes this information?
Product Code	The Product Code is also known as the International Commodity Code (ICC), the Catalog Number, or the SKU.	This number is included on the Shipper Label and the Market Unit Label.
Material	The Material is also known as the SAP Material Number. This is a supplemental number often utilized in distribution channels.	This number is located on the Shipper Label only and is not part of the Market Unit Labeling.
Material Description	<p>The Material Description is a description of the finished product from the internal ConvaTec system, SAP. It is a brief, coded description of the product. Utilizing the first line item example, Product Code 125026, Lot 8A06575, SURFIT PLUS WFR CVX 13X45MM (1X5PK):</p> <ul style="list-style-type: none"> • WFR: Wafer (Skin Barrier) • CVX: Convex • 13x45mm: 13mm stoma hole with a 45mm flange • 1x5pk: one market unit (1) includes five (5) skin barriers 	A description of the material is on the Shipper Label and on the Market Unit Labeling; however, the description on these labels may not exactly match (verbatim) the Material Description as listed in this attachment.
Lot Number	A traceable number which is specific to the product.	This number is included on the Shipper Label and the Market Unit Label.

Product Code	Material	Material Description	Lot Number
