## IMPORTANT SAFETY INFORMATION - VOLUNTARY RECALL

### **Background**

A major component of VITA CEREC Powder (titanium dioxide) has been reclassified by the Committee for Risk Assessment following ECHA's risk assessment. Therefore we will not continue marketing this product any longer and also recall the products already in the market. This also applies to the accessory products VITA CEREC Propellant and VITA CEREC spray head for Propellant and CEREC Liquid. Categorization and classification of titanium dioxide have not yet been fully completed by dental experts. As a precautionary measure, VITA Zahnfabrik will withdraw these products from the market to eliminate even the slightest risk for patients and users.

### **Products concerned**

The following product numbers are concerned:

VITA CEREC Powder	<b>(Prod. No. ECPO)</b>
VITA CEREC Propellant	<b>(Prod. No. ECPN)</b>
VITA CEREC spray head	<b>(Prod. No. ECS)</b>
VITA CEREC Liquid	<b>(Prod. No. ECL)</b>

Products that are already in the market are not concerned.

### **Countermeasures**

Please send the concerned products back to:
