**(Glej seznam v prilogi A)**

20. januar 2026

Spoštovani uporabniki analizatorja GEM Premier 5000 z iQM2:

Obvestiti vas želimo o težavi z delovanjem naslednjih specifičnih GEM kartuš vezanih na analizator GEM Premier 5000 z iQM2 (Intelligent Quality Management):

Ime artikla	Št. artikla	UDI	Lot št.	Rok uporabe
GEM kartuša za analizator GEM Premier 5000 z iQM2	Glej prilogo A			

### Opis težave in vpliv na rezultat

Potrdili smo pritožbe strank, ki kažejo, da lahko pri GEM kartušah, vezanih na analizator GEM Premier 5000, navedenih v prilogi A, pride do povečane pojavnosti napake med ogrevanjem »Process Control Solution Not Detected« (PCSND), v zaporednih pojavih, kar povzroči izmet GEM kartuše in zahteva vstavitve nove GEM kartuše.

iQM2 je program za aktivno nadzorovanje kakovosti, zasnovan za neprekinjeno spremljanje celotnega procesa testiranja. Če torej GEM kartuša po ogrevanju uspešno izvede validacijo AutoPAK, lahko ostane v uporabi.

Zaporedni izmeti GEM kartuš med ogrevanjem lahko podaljšajo čas, ko analizatorja ni mogoče uporabljati, kar bi potencialno lahko povzročilo zamudo pri ustreznem zdravljenju pacienta. V takih primerih je morda potrebna ponovna ocena zdravljenja pacienta, ko so rezultati na voljo. Čeprav mnoge GEM kartuše še naprej delujejo kot običajno, lahko zaporedni izmeti povečajo verjetnost motenj v delovanju, zato je pomembno vnaprejšnje načrtovanje menjave kartuš, kjer je to mogoče, da se zmanjša vpliv težav.

Da zagotovimo kontinuirano testiranje pacientov, bodo stranke še naprej lahko prejemale kartuše za analizator GEM Premier 5000, ki so navedene v prilogi A, a le še omejeno časovno obdobje.

## Obvezna dejanja uporabnikov

Prosimo, da takoj ukrepate:

- **Nadaljujte** z uporabo GEM kartuš za analizator GEM Premier 5000, navedenih v prilogi A.
- Kadar je to izvedljivo, **načrtujte** menjave GEM kartuš z dovolj časa, da se med ogrevanjem lahko zgodijo morebitni izmeti GEM kartuš.
- **Kontaktirajte** lokalnega predstavnika v kolikor se med ogrevanjem GEM kartuše pojavi napaka "Process Control Solution Not Detected"
- O tem **obvestite vse uporabnike**.
- **Posredujte** to obvestilo na vse lokacije v vaši ustanovi, ki se jih zadevano tiče.
- **Shranite** kopijo tega obvestila za svoje evidence.

Varnost pacientov in čim manjše motnje pri testiranju pacientov ostajata naša najvišja prioriteta.
